

Pongsakorn Jansanit

Computer Engineering Student

About me

As a 3rd-year Bachelor of Computer Engineering student, I am determined to gain further experience and enhance my skills as a UX/UI design. My career objective is to actively seek opportunities that will help me grow professionally, expand my knowledge, and contribute to meaningful software development projects.

My Education

**KING MONGKUT'S UNIVERSITY
OF TECHNOLOGY THONBURI (KMUTT)** / 2021 - 2025

Bachelor of Computer Engineering
GPAX 3.01

CHUMPHAE SUKSA SCHOOL / 2018 - 2021

Science Math Technology and Environment (SMTE)
High School Diploma
GPAX 3.94

Tools & Skills

Programming Languages

C
JavaScript
TypeScript
Python
React

Coursera
Foundations of User Experience (UX) design

Projects

MODXX

SEP 2023 / DEC 2023

[Behance](#)

[GitHub](#)

UX/UI Designer & Front-end Developer at React

At ModX, an online shopping platform for the KMUTT bookstore, I worked as a UX/UI designer and Frontend Developer, responsible for creating the web interface and developing the Login and Register pages.

TRADEKUB

MAR 2023 / MAY 2023

[Behance](#)

[GitHub](#)

UX/UI Designer

At Tradekub, an online stock trading platform, I was responsible for the UX/UI design. My role involved enhancing the website's usability, ensuring a more intuitive and accessible interface for users to conveniently execute stock transactions.

HYDROOM

OCT 2021 / DEC 2021

UX/UI Designer

To design and build indoor plant care systems with hydroponic systems and applications to monitor and control systems.

Activities

OCT 2022 / NOV 2022

[Figma](#)

Graphic Designer & UX/UI Designer

In Bangmod Hackathon Project, I collaborated with the graphic team focusing on Website UI Design. My tasks involved designing the website interface, crafting a logo, and developing several 3D models to enhance the project.

Past Experience

Teacher Assistant

AUG 2023 / DEC 2023

[Google Drive](#)

As a Teacher Assistant for Engineering Exploration, my responsibilities included overseeing a Sharepoint to maintain student scores and creating Google Sheets for individual assignment scores.

Freelance 3D Modeler

JAN 2022 / PRESENT

[Google Drive](#)

As a freelance 3D Modeler, I specialize in creating 3D models. I've worked on different kinds of projects like designing building exteriors, creating product designs, and making visuals for advertisements.
